# MAGNETIC glass technology

The only glass whiteboard to double as a magnetic tack board, eliminating unsightly marker trays - adding pure elegance.

“ Finally... a whiteboard worthy of our newly remodeled conference room. High-tech and classic appearance - just the image we try to project. ”

## Looks amazing and *never* wears out!

- Designed and manufactured in the USA of premium American made materials.
- Temper hardened bright white glass, fused to high grade steel produces an incredibly durable dry erase board that will last forever.
- The quartz hard surface will never absorb inks or stains...even permanent marker is easily removed with no “ghosting” — ever!
